Justification for Use Variance: A use variance may be allowed by the Board of Zoning Appeals only in cases where there is evidence of **unnecessary hardship**. Please provide written explanation to the following for the Boards consideration: You can attach separate sheets if necessary provided each sheet clearly indicates the original statement and provides the property information and petitioner information on each page.

1. Describe how the condition, location, or situation of the specific piece of property or of the intended use of the property is unique to that property. Exceptional or extraordinary circumstances or conditions may include: Narrowness, shallowness or shape of a specific property on the effective date of this Ordinance; or Topographic or environmental conditions or other extraordinary situation on the land, building or structure; or by reason of the use or development of the property immediately adjoining the property in question; whereby the literal enforcement of the requirements of this Ordinance would involve practical difficulties.

2. Explain why the building, structure or land cannot be reasonably used in a manner consistent with the uses allowed in the zoning district in which it is located.

3. Explain how the use variance will not alter the essential character of the neighborhood or the intent of the Master Plan, nor be a detriment to adjacent properties.

4. Explain how the use variance will not materially impair the intent and purpose of this Ordinance or the district in which the property is located.

5. Explain how the immediate unnecessary hardship causing the need for the use variance request was not created by the applicant.

Affidavit of Petitioner:

I, the undersigned petitioner, being duly sworn, depose and say that the statements and information submitted are true and correct to the best of his/her knowledge, information and belief, further that s/he is authorized to submit this petition.
